Test #	Description	PASS/FAIL
1	Initialization and Select Circle	PASS

```
Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
1
You have selected a Circle
What is the radius?
3
The area of the Circle is 28.27
Would you like to continue? (Y or N)
y

Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
```

Test #	Description	PASS/FAIL
2	Select Rectangle	PASS

```
Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
2
You have selected a Rectangle
What is the length?
3
What is the width?
3
The area of the Rectangle is 9.00
Would you like to continue? (Y or N)
y
```

Test #	Description	PASS/FAIL
3	Select Square	PASS

```
Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
3
You have selected a Square
What is the side length?
3
The area of the Square is 9.00
Would you like to continue? (Y or N)
y
```

Test #	Description	PASS/FAIL
4	Select Triangle	PASS

```
Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
4
You have selected a Triangle
What is the base?
3
What is the height?
3
The area of the Triangle is 4.50
Would you like to continue? (Y or N)
y
```

Test #	Description	PASS/FAIL
5	Select Sphere	PASS

```
Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
5
You have selected a Sphere
What is the radius?
3
The volume of the Sphere is 113.10
Would you like to continue? (Y or N)
y
```

Test #	Description	PASS/FAIL
6	Select Cube	PASS

```
Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
6
You have selected a Cube
What is the side length?
3
The volume of the Cube is 27.00
Would you like to continue? (Y or N)
y
```

Test #	Description	PASS/FAIL
7	Select Cone	PASS

```
Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
7
You have selected a Cone
What is the radius?
3
What is the height?
3
The volume of the Cone is 28.27
Would you like to continue? (Y or N)
y
```

Test #	Description	PASS/FAIL
8	Select Cylinder	PASS

```
Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
8
You have selected a Cylinder
What is the radius?
3
What is the height?
3
The volume of the Cylinder is 84.82
Would you like to continue? (Y or N)
y
```

Test #	Description	PASS/FAIL
9	Select Torus and error test	PASS

```
Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
9
You have selected a Torus
What is the major radius (distance from center to tube center)?
3
What is the minor radius (tube radius)?
3
Error: Minor radius must be less than major radius
Would you like to continue? (Y or N)
y

Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
9
You have selected a Torus
What is the major radius (distance from center to tube center)?
3
What is the minor radius (tube radius)?
2
The volume of the Torus is 236.87
Would you like to continue? (Y or N)
y
```

Test #	Description	PASS/FAIL
10	Exit program	PASS

```
Select from the menu below:
1. Construct a Circle
2. Construct a Rectangle
3. Construct a Square
4. Construct a Triangle
5. Construct a Sphere
6. Construct a Cube
7. Construct a Cone
8. Construct a Cylinder
9. Construct a Torus
10. Exit the program
10

Thanks for using the program. Today is January 18, 2026 at 19:29:00
